The attached is an example of something that I think is useful for FBIS to do occasionally. The purpose of sending the memorandum to the DDI is to advise the DDI of efforts we have taken to determine if more coverage of the Philippines is feasible. The answer is no, but the paper should help in discussions now being held in the Community on the status of collection generally on the Philippines. We plan to send a different version to the Ambassador in Manila with thanks for the cooperation his mission has provided us.
